"Registers Shall Not Ring Tonight"

Trolley Service Crippled as Nickel Chasers Join I. O. O. F.

Join I.O.O.F.

If you are going to use the street car tonight it will be wise to get an early start because you may have to walk home.

Whence comes this dire rumor, you ask?

Well, there would be no point in not putting all the cards on the table and telling that the International Order of CMd Fellows is probably about as much concerned with the matter as any one body of individuals can be.

And here's why. They're going to institute a new lodge tonight, and we have it on good authority that 95 per cent of the membership is taken from the car crews of the Virginia Railway and Power Company. In as much as the membership of the new lodge is said to run well over the 100 mark it is easy to see that the cogductor and motorman neophyte sconstitute a large number of the\_street car company's total working force. And there may be no help for it but to suspend service on some of the lines while the knights of the trolley are being made into bona file Oddfellows.

P. E. Penzer has been prominent in the organization of the new lodge which expects to meet in Harrison Hall. The Abou Ben Adhem degree team will have charge of the institution program. Officers will be elected and four degrees will be administered to each member.

CHAPPAWAMSIC SWAMP ROAD SOON TO BE PAVED

Highway Commission Will Order Repair Work Done as Soon as
According to reports coming in to
the State Highway Department yesterday, general road conditions were
somewhat improved with one day of
partial sunshine, but it will take several days of dry weather to re-establish anything like normal.
Assistant Highway Commissioner
Cocke said that there are many
bridges and culterts out in all sections of Virginia due to recent doods
and that it will take some time to
get all these nebuilt and repaired.
Mr. Cocke said, that conditions on
the fill in the Chappawamsic Swamp

road will be closed for cement paying.

This paying cannot be done until the soft fill which had been put in preparatory to the paying is thoroughly dry and set. Machinery and material is ready for this work, and it will be started just as soon as wenther will permit. The road or this part of it necessarily, will be closed while the improvement is being made.

Officials of the department ask that the public exercise as much patience

FORECAST BIG ADVANCES IN REALTY ASSESSMENTS

State Auditor Gratified With Work by Assessors and Commis-sioners of Revenue. Realty values in the State of Vir-

Realty values in the State of Virginia will show an increase of about 40 per cent this year over the last assessment, according to reports already coming into the office of the State auditor from city and county assessors and commissioners of the revenue.

State Auditor E. Lee Moore yesterday expressed his gratification at the good showing that is being made in most of the counties and towns already reported. He was specially pleased with the thoroughness and the creditable showing made by Commissioner D.L. Taylor, of Lynchburg. Assessments now being reported are based on improvements made since the last assessment, and not on a reassessment of land and improvements.
